The Appomattox School Board has available for sale the following vehicles:
1961 Ford Four Door Sedan
1956 Ford 54 Passenger Bus
1958 Chevrolet 48 Passenger Bus
These vehicles are parked at the bus shop and will be shown to persons who are interested by Mr. H. A. Paulette. Persons interested in one or more of these vehicles may submit sealed bids to Mr. H. A. Paulette, Director of Transportation, between the dates of September 20 and ten a. m. on Saturday, October 13, 1973, at which time the bids will be opened at the bus shop in Appomattox. The vehicles will be sold to the person who submits the highest bid. If a reasonable bid is not received on each vehicle the School Board reserves the right to refuse any or all bids. A check made payable to the Appomattox County School Board will be required at the time a vehicle is released to the purchaser.
Issued by authority of the Appomattox County School Board, September 20, 1973

In Memoriam

IN LOVING memory of William Curtis Paulette, who passed away three years ago, October 6, 1970.

Your gentle face and patient mind
With sadness we recall
You had a kindly word for each
And died beloved by all.

The voice is mute and stilled the heart,
That loved us well and true,
Ah, bitter was the trial to part
From one so good as you.

You are not forgotten loved one
Nor will you ever be,
As long as life and memory last
We will remember thee.

We miss you now, our hearts are sore,
As time goes by we miss you more,
Your loving smile, your gentle face,
No one can fill your vacant place.

Sadly missed by Wife and by his children and their families. 10-4-1p

In memory of John D. Harris, who departed this life 21 years ago, September 29, 1952.

Although you've been gone for quite a while,
You've thought about so often still,
Our love for you still lingers on and God knows it always will.

God called you away so suddenly, but trust in God keeps easing the pain.
But memories are still lingering on, and often times we wonder yet,
And just can't believe it is real.
Yet in His wisdom God has planned beyond our power to to see,
So we accept His grace each day,
And realize these things must be.
Sadly missed by children and grandchildren. 10-4-1p

Appomattox Youth Program Hits Grand Slam

by Rabbitt Cawthorne

The Appomattox T-Rebs beat the Rustburg Little Devils 18 to 0, Scoring for the T-Rebs was Earnie Chenault around end with a 12 yd. run. Extra point failed also in the first half. It was Andrew Kelso picking up 38 yards on an end run. Extra point failed. In the third quarter it was Johnnie Rothgeb scoring off tackle 8 yards out. Rothgeb also had two TD's called back. Also the runs for the extra points failed. The T-Rebs also played a superb defense, led by Carl Watson, Kenny Wayne Burks, Andy Poole, Freddie Mitchell, William Kelso and Larry Kelso.

The Appomattox Mites also kept the ball moxing with a 14 to 0 victory over Rustburg Middle Team, not to leave out the Appomattox Midgets, who kept the scoreboard lighting with an impressive 30-19 score. The same teams will meet Brookneal next week at 5 p.m.

Raiderettes Win Two

The Appomattox Raiderettes won two volleyball games last week as they beat Staunton River and Gretna.

They beat Staunton River 15-2 and 15-4 in their first outing and in their second game They beat Gretna 15-3 and 15-8. Mary Jane Smith was the outstanding server in the first games and Trish Book, Mary Jane Smith and Sue Moore did the serving job in the second games. Team play and strong serving were the winning factors for these girls.

The Raiderettes will play Liberty here at home Thursday at 4:30 p.m.

Clean Up Ball Park

Interested adults and young people really pitched in last week to help the Appomattox Youth Association clean up the ball park that is owned by the Town of Appomattox but has been used by various groups during the year.

During the past season, the ball park has been used a total of 146 times and the Appomattox Youth Association and others would like to thank the Town of Appomattox for allowing them to use this facility.

Apply Lime This Fall

Farmers who delay making needed lime applications on pastures and cropland until next spring run the risk of not being able to get the lime applied. The experience of the past several years should have convinced us that this is true.

Each spring farmers have found that application equipment owned by lime and fertilizer dealers is tied up with fertilizer application. Because the majority of the fertilizer being used is purchased and applied in a six to eight week period each spring, custom applicators do not have time to spread lime.

Land that is too wet to get on with heavy spreader trucks is another factor that causes delays in spring application of lime. The probability of not being able to apply lime because of wet land is far greater in the spring than it is in the fall.

Another factor that farmers need to keep in mind is that a period of time is required for the lime to react soil and neutralize soil acidity. If lime is applied in the fall, there will be time for this reaction to take place before crops are planted. If the application is delayed until next spring, there will not be sufficient time for the reaction to take place. The crop will be growing in an acid soil.

Virginia farmers lost 58 million dollars in potential crop income in 1972 because crops were grown on soils too acid for maximum crop yields. It should be obvious one cannot run the risk of not being able to get the needed lime applied by delaying the purchase until next spring. The watchword for this situation can well be, "Don't put it off; put it on!"

OCTOBER IS RESCUE SQUAD MONTH

Area Students Participated In New program

Farmville, Va., September 27, 1973-Virginia Fay Beaty and Kathryn Ann Robinson, seniors at Appomattox County High School, participated in a new program at Longwood College this past summer.

Under the new program, Longwood offers admission to rising high school seniors who are recommended by the guidance counselors at their schools. During the summer preceding their senior year in high school, they can attend the two five-week sessions at Longwood and receive full college credit for courses successfully completed. The high school students may enroll in any regular course offered to freshmen and may take up to six hours of work each five-week session.

The summer program is part of Longwood's response to recommendations of the Carnegie Report on Higher Education which advocates the acceleration of undergraduate degree programs of talented students. Like other colleges, Longwood has found that many students are capable of successful academic achievement that transcends the traditional grade structure of the past.

Thirteen high school seniors participated in this past summer's program at Longwood, and their success will lead to an expansion of the program, according to Dr. Herbert R. Blackwell, dean of the college. "We did not treat these students differently from other freshmen, and they proved they could make the social and academic adjustments necessary for successful college work," said Dr. Blackwell. "We believe that many other high school students have the intelligence and the background to handle freshman level subjects."

Miss Beaty received credit for courses in psychology, mathematics, English, and history. Miss Robinson successfully completed courses in sociology, English, psychology, and mathematics.

MRS. KNIGHT'S 4-H CLUB

At our last meeting September 14, we selected officers: President, Debbie Roach; Vice President, Steve Cobb; Secretary, Tammy Book; Reporter, Angela Richardson; Song leaders, Kim Hipps and Martha Chandler.

Our 4-H leaders are Mr. Sweet and Mrs. Walton. We will try our best to do our job.

Angela Richardson,Reporter

J. V. Team Posts Win Over Gretna

The JV Raider team, playing in a football game Thursday, September 27, at Gretna, won over Gretna JV's 27 to0.

William Trent scored 6 points in the first quarter. In the second quarter, Timmy Doss scored a touchdown and then Doss passed to Mitch Eggleston for the two-point conversion making the score at half-time 14-0. In the third quarter Doss scored again and Trent kicked for the extra point. Another TD came in the fourth quarter when Doss went in for the score and the extra point was missed.

The J V team is undefeated in season play and has not been scored on in their last three games - scoring 31 - 0 against Staunton River and playing to a 0 - 0 tie with Liberty.

This Thursday, today, the J V team will host Nelson County in a game set for 6 p.m.

Phillip Jamerson and Timmy Wingfield have been playing outstanding defense.

Come out and see this fine team in action.

LEGAL NOTICE

In accordance with the Virginia Area Development act, the CENTRAL VIRGINIA PLANNING DISTRICT COMMISSION will conduct a district-wide public hearing on the proposed FUTURE REGIONAL LAND USE PLAN.

October 30, 1972
7:30 p. m.
Presser Hall
Randolph Macon Woman's Col.
Lynchburg, Virginia

The purpose of this plan is to present clear options regarding future regional development paterns with the eventual selection of an alternative land use plan, or combination of alternative plans, which reflects the needs and desires of the people in the Central Virginia Planning District.

The public may exmaine the plan at the office of:
THE CENTRAL VIRGINIA PLANNING DISTRICT COMMISSION
2511 Memorial Avenue, Suite
Lynchburg, Virginia
8:30 a. m. to 5:00 p. m.
Monday - Friday

Citizens attending the public hearing will be given ample opportunity to present verbal or written commentsconcerning the FUTURE REGIONAL LAND USE PLAN.

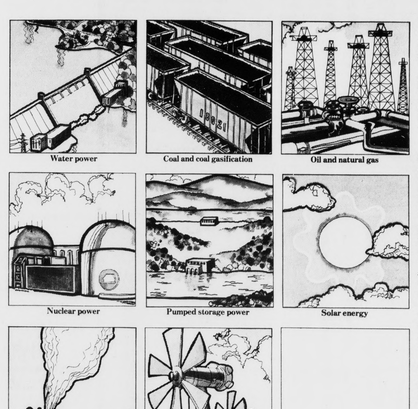
The Energy Crunch:
Supporting the search for new sources of electricity is just one provision of Vepco's Energy Insurance policy.



Vepco's answer to today's energy crunch and tomorrow's growing demands for electricity is safe, clean nuclear energy. By 1976 half the power we supply will come from nuclear sources.

But we are also supporting the search for still newer sources of electricity. Sources that—like nuclear power—won't be dependent on the expensive and hard-to-get fossil fuels like coal and oil that lie at the heart of the nation's energy problems, or dependent on politically unstable foreign supplies.

What are the possibilities?

Solar power is already providing electricity for Skylab. But Skylab's entire electrical output couldn't run an electric range. And here on earth, so much of the sun's light is scattered and filtered by the atmosphere that it would take 100 square miles of solar cells just to supply Richmond with electricity—and the costs would probably be huge.

What about geothermal energy? The same heat from deep in the earth's core that makes "Old Faithful" spurt could, *theoretically*, be used to convert water to steam to run an electric power plant. But first we'll have to learn how to drill wells that are *four times larger* than an oil well and 50% *deeper* than man has ever gone before. Even so, there is already a VPI study to look into it.

While the practical application of power from these and other known sources—including the tides and the winds—is probably decades away, Vepco is already putting some new sources of electricity into actual operation.

In 1979, water running downhill from a high mountain reservoir in Bath County to a lower one will generate electricity during the day and be pumped uphill again with surplus power at night, when customer needs are low.

In the meantime, whether it's catching the sun or harnessing a mountain stream, if there's a chance it can help meet your needs with power to spare, the utility industry is going to be looking into it. Commitment to new discoveries is a powerful part of Vepco's Energy Insurance policy.
